

**छत्तीसगढ़ शासन
खनिज साधन विभाग
मंत्रालय
महानदी भवन, नवा रायपुर अटल नगर**

क्रमांक RULE-801/196/2025-MRD नवा रायपुर अटल नगर, दिनांक 27-04-2026

प्रति,

1. संचालक,
भौमिकी तथा खनिकर्म छत्तीसगढ़,
इन्द्रावती भवन, नवा रायपुर अटल नगर।
2. समस्त कलेक्टर, छत्तीसगढ़।

विषय:- मुख्य सचिव, छत्तीसगढ़ शासन की अध्यक्षता में दिनांक 17.04.2026 को संपन्न डीएमएफ संबंधी बैठक/V.C. का कार्यवाही विवरण।

---00---

मुख्य सचिव, छत्तीसगढ़ शासन की अध्यक्षता में दिनांक 17.04.2026 को भारत सरकार, खान मंत्रालय के दिशा-निर्देश दिनांक 15.01.2024 के क्रियान्वयन के संबंध में बैठक/वीडियो कान्फ्रेंसिंग आयोजित किया गया, जिसमें बैठक में बेसलाईन सर्वे, पंचवर्षीय परिप्रेक्ष्य योजना और वर्ष 2026-27 हेतु वार्षिक कार्ययोजना तैयार किये जाने पर चर्चा की गई।

2/ उक्त बैठक का कार्यवाही विवरण (मुख्य सचिव महोदय द्वारा यथा अनुमोदित) आगामी आवश्यक कार्यवाही हेतु संलग्न कर प्रेषित है। कृपया, तदनुसार दिये गये निर्देशों का समयसीमा में पालन सुनिश्चित करवाकर, पालन प्रतिवेदन से शासन को अवगत कराना सुनिश्चित करें।

संलग्न:- यथोपरि।

(सरोज उईके)
उप सचिव
छत्तीसगढ़ शासन
खनिज साधन विभाग

पृ.क्र. RULE-801/196/2025-MRD नवा रायपुर अटल नगर, दिनांक 27-04-2026

प्रतिलिपि:- मुख्य सचिव के अवर सचिव, छत्तीसगढ़ शासन, मुख्य सचिव कार्यालय, मंत्रालय, महानदी भवन, नवा रायपुर अटल नगर की ओर कार्यवाही विवरण की प्रति संलग्न कर, सूचनार्थ एवं आवश्यक कार्यवाही हेतु अग्रेषित।

मुख्य सचिव, छत्तीसगढ़ शासन की अध्यक्षता में दिनांक 17.04.2026 को आयोजित डीएमएफ संबंधी बैठक/वीडियो कॉन्फ्रेंस का कार्यवाही विवरण

मुख्य सचिव, छत्तीसगढ़ शासन की अध्यक्षता में दिनांक 17.04.2026, प्रातः 10 बजे समस्त कलेक्टरों के साथ डीएमएफ के संबंध में भारत सरकार, खान मंत्रालय के दिशा-निर्देश दिनांक 15.01.2024 के संबंध में बैठक/वीडियो कॉन्फ्रेंस आयोजित किया गया। बैठक में बेसलाइन सर्वे, पंचवर्षीय परिप्रेक्ष्य योजना और वर्ष 2026-27 हेतु वार्षिक कार्ययोजना तैयार किये जाने पर चर्चा की गई।

2/ बैठक में कलेक्टर, जिला-बालोद, कोरबा, दंतेवाड़ा, रायगढ़, बलौदाबाजार-भाटापारा एवं कांगेर के द्वारा जिले में किये गये आधारभूत सर्वेक्षण (Baseline Survey), पंचवर्षीय परिप्रेक्ष्य योजना (Five Year Perspective Plan) एवं वर्ष 2026-27 हेतु वार्षिक कार्ययोजना (Annual Plan) के संबंध में पीपीटी के माध्यम से प्रस्तुतिकरण दिया गया।

3/ आधारभूत सर्वेक्षण, पंचवर्षीय परिप्रेक्ष्य योजना एवं वर्ष 2026-27 हेतु वार्षिक कार्ययोजना के संबंध में मुख्य सचिव महोदय के द्वारा निम्नानुसार निर्देश एवं सुझाव समस्त कलेक्टरों को दिये गये :-

1. छत्तीसगढ़ जिला खनिज संस्थान न्यास नियम, 2015 के नियम-15(3क) अनुसार ही आधारभूत सर्वेक्षण (Baseline Survey) का कार्य सुनिश्चित किया जाये।
2. मुख्य सचिव महोदय द्वारा यह सुझाव दिया गया कि आधारभूत सर्वेक्षण हेतु ग्रामसभा/स्थानीय निकाय व संबंधित शासकीय संस्थानों की मूल्यांकन रिपोर्ट तैयार करने में सहायता ली जा सकती है, जिससे कार्य में शीघ्रता एवं निष्पक्षता होगी। इस हेतु किसी विभाग द्वारा किये गये आधारभूत सर्वेक्षण यदि उपलब्ध हों तो उस डेटा का भी उपयोग किया जा सकता है। बेसलाइन सर्वे में जनसमुदाय की भागीदारी सुनिश्चित की जाए।
3. बेसलाइन सर्वे के फलस्वरूप प्राप्त परिणामों से चिन्हित निष्कर्षों तथा अंतरालों (Gaps) को संबंधित विभागों से परीक्षण करा लें एवं अंतराल (Gap) के आधार पर, पांच वर्षों के लिए पंचवर्षीय परिप्रेक्ष्य योजना तैयार करें।
4. वर्तमान में उपलब्ध राशि तथा वर्तमान संचालित खदानों से आगामी पांच वर्षों में प्राप्त होने वाली संभावित राशि के अनुसार ही पंचवर्षीय परिप्रेक्ष्य योजना को वर्षवार कार्य योजनाओं में विभाजित करें।
5. पंचवर्षीय परिप्रेक्ष्य योजना को कार्यों के अनुसार तैयार न करते हुए, छत्तीसगढ़ जिला खनिज संस्थान न्यास नियम, 2015 के नियम-22 में वर्णित उच्च एवं अन्य प्राथमिकता के सेक्टरों के अनुरूप तैयार करें जिससे भविष्य में होने वाले सकारात्मक बदलावों का आंकलन किया जा सके।
6. पंचवर्षीय परिप्रेक्ष्य योजना का उद्देश्य सुस्पष्ट एवं अपेक्षित परिणामों तक पहुंचने योग्य हो। इससे खनन प्रभावित क्षेत्रों में किस तरह का परिवर्तन अपेक्षित है, इसका उल्लेख हो।
7. डीएमएफ फंड का उपयोग Gap Filling एवं Convergence में ही किया जाये।

8. सुनिश्चित करे कि जो कार्य राज्य बजट में स्वीकृत है उसे संबंधित विभागों के माध्यम से कराया जाय, न की डीएमएफ फण्ड से।
9. नियम 22 में वर्णित उच्च एवं अन्य प्राथमिकता के सेक्टरों में परिपूर्णता (Saturation) का लक्ष्य निर्धारित करें।
10. Livelihood Sector के कार्यों की योजना के पूर्व अपने PMU को उचित प्रशिक्षण उपलब्ध करावें एवं ऐसे कार्यों के संचालन हेतु स्व-सहायता समूहों को प्राथमिकता देते हुए उन समूहों को बैंक लिंकेज प्रदान करने में सहयोग करें।

4/ **अन्य निर्देश :-**

1. संचालक, भौमिकी तथा खनिकर्म, बेसलाईन सर्वे हेतु एक Indicative प्रश्नोत्तरी जिला खनिज संस्थान न्यासों को तत्काल उपलब्ध करावें। उक्त के अतिरिक्त कोई और बिन्दु अथवा प्रश्नोत्तरी जिला स्तर पर जोड़ा जा सकता है।
2. एलडब्ल्यूई से वर्ष 2027-28 तक छूट प्राप्त जिलों में छूट अवधि तक पूर्ण होने वाले कार्ययोजना तैयार किया जाना चाहिये।
3. प्रत्यक्ष/अप्रत्यक्ष प्रभावित क्षेत्र के ग्राम पंचायतों को कमबद्ध तरीके से सेचुरेशन के आधार पर राज्य के सबसे उत्कृष्ट पंचायत के रूप में विकसित करे। जिससे खनन हेतु सकारात्मक सामाजिक वातावरण तैयार हो सके।
4. भारत सरकार द्वारा जारी पत्र दिनांक 30.03.2024 अनुसार पीएम सूर्यघर मुफ्त बिजली योजना एवं जल-जीवन मिशन के कार्यों का संचालन प्रभावित क्षेत्रों में किया जाए।
5. आधारभूत सर्वेक्षण (Baseline Survey), पंचवर्षीय परिप्रेक्ष्य योजना (Five Year Perspective Plan) एवं वर्ष 2026-27 हेतु वार्षिक कार्ययोजना (Annual Plan) को डीएमएफ पोर्टल में अद्यतन किया जाए।

अंत में मुख्य सचिव महोदय द्वारा समस्त कलेक्टरों को निर्देशित करते हुए बैठक समाप्त किया गया कि आधारभूत सर्वेक्षण (Baseline Survey) का कार्य दिनांक 15 मई, 2026 तक अनिवार्य रूप से पूर्ण किया जाये एवं उपरोक्त निर्देशों का समयबद्ध पालन सुनिश्चित करते हुए नियमित प्रगति की समीक्षा की जाए तथा आवश्यकतानुसार राज्य स्तर पर जानकारी उपलब्ध कराई जाए।

Guidelines for Conducting Baseline Survey, Preparation of Perspective Plan, Annual Action Plan and KPI-Based Monitoring under DMFT

Guidelines for Conducting Baseline Survey, Preparation of Perspective Plan, Annual Action Plan and KPI-Based Monitoring under DMFT

1. Background

Mining activities play an important role in regional economic development, while also influencing the social, environmental, and infrastructural conditions of surrounding communities. In mining-affected areas, challenges may arise in relation to basic services, livelihoods, environmental quality, and social well-being.

The District Mineral Foundation Trust (DMFT) provides a platform for addressing such challenges through targeted investments aligned with the objectives of the Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY). In this context, a structured approach to understanding baseline conditions, identifying sector-wise gaps, and reviewing outcomes over time can support informed planning and effective monitoring.

This document brings together a set of sector-specific indicators, baseline considerations, and planning elements to present a common reference framework for assessing needs and tracking progress in mining-affected areas.

2. Objectives

The objective of this document is to support consistent and outcome-oriented planning and monitoring of DMFT interventions by providing a common reference framework. It seeks to encourage the use of standardised sector-wise KPIs, inform evidence-based medium-term and annual planning, promote convergence with Government schemes, and enable transparent review and learning through measurable indicators and consistent reporting.

3. Baseline Assessment

- 3.1 The District Mineral Foundation Trust (DMFT) shall undertake a baseline survey to assess the socio-economic status, infrastructure gaps, environmental issues, and service delivery deficiencies in mining-affected areas.
- 3.2 The baseline assessment shall cover all High Priority Areas and Other Priority Sectors as notified under the Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY).
- 3.3 1.3. The survey shall, as far as practicable, be carried out using existing Government machinery, including line departments, Panchayati Raj Institutions, Urban Local Bodies, and frontline functionaries, to ensure data reliability, transparency, and institutional ownership.
- 3.4 Existing and recent Government datasets may be utilised to supplement primary surveys, provided such datasets adequately capture sector-wise indicators relevant to PMKKKY.
- 3.5 The baseline survey shall result in:
 - Establishment of sector-wise baseline values
 - Identification of household-level and village-level gaps
 - Creation of a measurable foundation for future planning and monitoring

4. Gap Identification and Needs Assessment

4.1 Following the baseline assessment, the DMFT shall undertake a systematic sector-wise gap analysis by comparing:

- Existing status
- Normative service requirements
- Mining-related stress or vulnerability, wherever applicable

4.2 Gaps shall be identified at:

- Household level
- Village / habitation level
- Sector level

4.3 Findings from community consultations through Gram Sabha (mandatory for schedule VI areas under PESA act) shall be integrated with the technical gap analysis to determine priority needs.

5. Outcome Definition and KPI Framework

5.1 For each notified sector, the DMFT shall define:

- A clear Outcome Objective
- A set of Key Performance Indicators (KPIs) to measure progress toward that outcome

5.2 KPIs shall be:

- Measurable and time-bound
- Comparable with baseline values
- Suitable for annual and medium-term tracking

5.3 The KPI framework shall guide:

- Perspective Plan formulation
- Annual Action Plan preparation
- Monitoring, review, and evaluation

6. Sector-Wise Outcome Objectives and Indicative KPIs (As per PMKKKY)

High Priority Areas

(a) Drinking Water Supply

Outcome Objective: Universal access to safe, adequate, and reliable drinking water in mining-affected areas.

KPI Code	Indicator
DW-1	Households with piped water supply
DW-2	Duration of water supply
DW-3	Functional purification / treatment systems
DW-4	Schools & Anganwadi Centres with drinking water
DW-5	Households affected by water quality issues (iron/fluoride)

(b) Environment Preservation and Pollution Control Measures

Outcome Objective: Mitigation of mining-related environmental pollution.

KPI Code	Indicator
ENV-1	Functional effluent treatment / mine drainage systems
ENV-2	Water bodies protected or restored
ENV-3	Air and dust pollution control measures implemented
ENV-4	Environmental quality monitoring systems installed
ENV-5	Households reporting pollution-linked health issues

(c) Health Care

Outcome Objective: Improved health outcomes for mining-affected populations.

KPI Code	Indicator
H-1	Households with health insurance
H-2	Households reporting mining-related diseases
H-3	Institutional delivery rate
H-4	Functional PHC/CHC/Sub-Centres
H-5	Availability of doctors, paramedical and support staff

(d) Education

Outcome Objective: Improved access, infrastructure, staffing, and quality of education.

KPI Code	Indicator
EDU-1	Schools/colleges/vocational institutes available
EDU-2	Condition of school infrastructure

EDU-3	Hostels for students and teachers in remote areas
EDU-4	Sports infrastructure availability
EDU-5	Availability of teachers and support staff
EDU-6	Functional e-learning setups
EDU-7	Transport facilities for students
EDU-8	Students receiving education support

(e) Welfare of Women and Children

Outcome Objective: Improved maternal and child health and nutrition.

KPI Code	Indicator
WC-1	Functional Anganwadi Centres
WC-2	Children receiving supplementary nutrition
WC-3	Anaemic children (0–59 months)
WC-4	Anaemic adolescent girls
WC-5	Maternal health outcomes

(f) Welfare of Aged and Differently Abled

Outcome Objective: Social and medical support for elderly persons and persons with disabilities.

KPI Code	Indicator
AD-1	Elderly persons receiving pension benefits
AD-2	Persons with disabilities receiving benefits
AD-3	Medical and rehabilitation support coverage

(g) Skill Development and Livelihood Generation

Outcome Objective: Sustainable livelihoods for mining-affected households.

KPI Code	Indicator
SD-1	Youth identified for skill training
SD-2	Persons completing skill training
SD-3	Placement/self-employment rate

SD-4	SHGs/FPOs supported
SD-5	Livelihood infrastructure gaps identified

(h) Sanitation

Outcome Objective: Improved sanitation and environmental hygiene.

KPI Code	Indicator
SAN-1	Households with toilets
SAN-2	Open defecation prevalence
SAN-3	Drainage system availability
SAN-4	Waste management facilities

(i) Housing

Outcome Objective: Pucca housing for eligible mining-affected households.

KPI Code	Indicator
HOU-1	Mining-affected households without pucca houses
HOU-2	Pucca houses completed under DMFT

(j) Agriculture

Outcome Objective: Improved agricultural productivity and resilience.

KPI Code	Indicator
AG-1	Cultivable and irrigated land
AG-2	Farmers trained
AG-3	FPOs/cooperatives supported

(k) Animal Husbandry

Outcome Objective: Enhanced livestock-based income.

KPI Code	Indicator
AH-1	Livestock population covered
AH-2	Veterinary service access

Other Priority Sectors (Up to 30% of Funds)

(a) Physical Infrastructure

KPI Code	Indicator
PI-1	Length of all-weather roads constructed or upgraded (km)
PI-2	Missing bridges / causeways constructed

(b) Irrigation

KPI Code	Indicator
IR-1	Check dams / irrigation structures created
IR-2	Additional agricultural area brought under irrigation
IR-3	Micro / drip irrigation coverage

(c) Energy and Watershed Development

KPI Code	Indicator
EW-1	Households with access to electricity through DMFT-supported renewable energy
EW-2	Rainwater harvesting structures constructed
EW-3	Watershed treatment area developed / catchment restored

(d) Environmental Quality Enhancement

KPI Code	Indicator
EQ-1	Environmental improvement initiatives implemented

7. Preparation of Perspective Plan (Five-Year Plan)

7.1 Using baseline values and identified gaps, the DMFT shall prepare a **five-year Perspective Plan**.

7.2 The Perspective Plan shall:

- Set **five-year KPI targets** sector-wise
- Prioritise full or phased gap saturation
- Ensure compliance with PMKKKY fund allocation norms

8. Preparation of Annual Action Plan (AAP)

8.1 The Annual Action Plan shall translate **five-year KPI targets into annual targets**.

8.2 Each AAP shall clearly define:

- Annual KPI targets
- Physical milestones
- Implementing arrangements
- Convergence with State and Central Government schemes

9. Monitoring, Review and Evaluation

9.1 KPI progress shall be reviewed **periodically** against baseline, annual, and five-year targets.

9.2 Progress and outcomes shall be validated through **Gram Sabha processes**.

9.3 **Mid-term and end-term evaluations** shall assess outcome achievement, sustainability, and impact.

- Convert this into **Government Order format**
- Prepare **KPI monitoring formats**
- Create a **planning flow diagram**
- Align annexures explicitly with each KPI

GOVERNMENT OF CHHATTISGARH

Department of Mineral Resources | Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY)

DISTRICT MINERAL FOUNDATION TRUST (DMFT)
COMPREHENSIVE BASELINE SURVEY QUESTIONNAIRE

For All 14 Eligible Sectors — Gap Identification for DMFT Fund Utilisation

Reference: Chhattisgarh DMFT Rules 2015 (as amended up to 12.09.2025) | Rule 22(2)(a-k) & Rule 22(3)(a-c)
MoM Instruction No. 7/58/2023-Mines IV-Part(1), Dated 30th March 2026

PURPOSE & SURVEYOR INSTRUCTIONS

This questionnaire is designed to conduct a comprehensive indicative baseline survey across all 14 eligible sectors under the Chhattisgarh District Mineral Foundation Trust (DMFT) Rules 2015. The survey covers all 11 High Priority sectors under Rule 22(2) and all 3 Other Priority sectors under Rule 22(3). The data collected shall enable DMFT to identify infrastructure and service gaps, and systematically plan fund utilisation for holistic development of mining-affected villages.

✓ Questions marked with 'DMF Eligible' tag directly map to a fundable activity under the DMFT Rule Book.

✓ Sections L, M, N cover Other Priority sectors (up to 30% of Trust Fund — Rule 22(3)).

Attach supporting photographs, maps, and Gram Sabha resolutions where available. Fill all fields accurately.

SURVEY IDENTIFICATION DETAILS

District		Block / Taluka	
Gram Panchayat		Village / Hamlet	
Total Population		Total Households	
SC / ST HH (Nos. / %)		Mining-Affected Area?	Yes / No
Survey Date		Surveyor Name & Desig.	
Surveyor Contact No.		DMF Nodal Officer	
District Collector / DMFT Chairperson		Member Secretary DMFT	

DMFT ELIGIBLE ACTIVITIES — QUICK REFERENCE (Rule 22, Chhattisgarh DMFT Rules 2015)

HIGH PRIORITY SECTORS — minimum 70% of Trust Fund (Rule 22(2))

(a)	Drinking Water Supply	Centralized purification systems, WTPs, permanent/temporary distribution networks, standalone facilities, piped water supply laying
(b)	Environment Preservation & Pollution Control	Effluent treatment plants, pollution prevention of streams/lakes/ponds/groundwater, air/dust pollution control, mine drainage, mine pollution prevention technologies, pollution monitoring
(c)	Health Care	Primary/secondary health facilities, staffing (doctors/paramedical), equipment & supplies, mobile health units, group insurance schemes for mining-affected persons

(d)	Education	School/college buildings, additional classrooms, labs, libraries, toilet blocks, drinking water in schools, residential schools/hostels, sports infra, teacher engagement, e-learning, transport, nutrition programs, financial support for higher education
(e)	Welfare of Women & Children	Programmes for maternal & child health, malnutrition, infectious diseases
(f)	Welfare of Aged & Differently Abled	Special programs, medical support, financial assistance to DDRCs
(g)	Skill Development & Livelihood Generation	Training, training kits, skill development centres, incubation centres, self-employment schemes, SHG support, arts & crafts, minor forest produce processing
(h)	Sanitation	Waste collection/transportation/disposal, cleaning public places, proper drainage, sewage treatment plants, fecal sludge disposal, toilets
(i)	Housing	Pucca housing for mining-affected persons not covered under Central/State schemes
(j)	Agriculture	Agriculture/horticulture/agroforestry activities, farmer training, FPO/cooperative support, food processing units, cold storage, marketing/market yards, plantation, medicinal herb processing
(k)	Animal Husbandry	Livestock, poultry, piggery, fishery, feed & fodder development, FPOs, SHGs, Farmer Cooperative Organisations

OTHER PRIORITY SECTORS — up to 30% of Trust Fund (Rule 22(3))

(a)	Physical Infrastructure	Roads, bridges, railways and waterways projects
(b)	Irrigation	Check dams, diversion weirs, advanced irrigation techniques, micro/drip irrigation, borewells, pump energization
(c)	Energy & Watershed Development	Alternate energy sources (micro-hydel, solar, renewable), rainwater harvesting, orchards, integrated farming, agroforestry, catchment restoration
(d)	Other environmental quality measures	Any other measures for enhancing environmental quality in the mining affected district

SECTION A [HIGH PRIORITY] DRINKING WATER SUPPLY

Rule Reference: Rule 22(2)(a) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Centralized purification systems, water treatment plants, permanent/temporary water distribution networks, standalone facilities (handpumps, borewells, OHTs), laying of piped water supply systems.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
A1. Village Water Infrastructure Status			
A1.1	Does the village have a piped water supply scheme? (Name the scheme) → DMF Eligible: Laying of piped water supply system	Yes/No; Scheme name	
A1.2	No. of households with functional tap connections (Functional Household Tap Connections – FHTCs) → DMF Eligible: Permanent water distribution network	Number	
A1.3	Coverage gap – households without functional water connection → DMF Eligible: Piped supply extension	Number / %	
A1.4	Average daily water supply duration (hours/day) and Liters per capita supply (LPCD)	Hrs/day; LPCD	

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
A1.5	Is supply adequate throughout the year or seasonal? (months of disruption) → DMF Eligible: <i>Temporary distribution network</i>	<i>Adequate/Seasonal; Months</i>	
A1.6	No. of handpumps installed / functional / defunct in the village → DMF Eligible: <i>Standalone facilities for drinking water</i>	<i>Installed / Functional / Defunct</i>	
A1.7	No. of borewells (other than handpumps) installed / functional → DMF Eligible: <i>Standalone borewell facilities</i>	<i>Installed / Functional</i>	
A1.8	No. of Overhead Storage Tanks (OHTs) / Ground Level Service Reservoirs (GLSRs) – capacity and condition → DMF Eligible: <i>Standalone facilities for drinking water</i>	<i>No.; Capacity (L); Condition</i>	
A2. Water Treatment & Purification			
A2.1	Is there a water treatment plant (WTP) / Iron Removal Plant (IRP) / Defluoridation Plant serving the village? Type and functional status. → DMF Eligible: <i>Water treatment plants</i>	<i>Yes/No; Type; Functional?</i>	
A2.2	No. of community RO / water purifier / ATM units – functional status → DMF Eligible: <i>Centralized purification systems</i>	<i>No.; Functional/Defunct</i>	
A2.3	Last water quality test result (Potable / Not Potable / Unknown) – date and agency	<i>Result; Date; Agency</i>	
A2.4	Water quality contaminants detected (fluoride / iron / arsenic / heavy metals / turbidity / mining-related)? → DMF Eligible: <i>Water treatment plants</i>	<i>Contaminants listed</i>	
A2.5	Water-borne diseases reported in last 2 years (diarrhoea / cholera / typhoid / fluorosis)? → DMF Eligible: <i>Purification / treatment</i>	<i>Disease types; No. of cases</i>	
A3. Gaps & Community Feedback			
A3.1	Does the village rely on tankers during summer? Months and estimated monthly cost (Rs.) → DMF Eligible: <i>Temporary water distribution</i>	<i>Yes/No; Months; Rs./month</i>	
A3.2	Households purchasing packaged water – approx. % and monthly expenditure (Rs./HH)	<i>%HH; Rs./month</i>	
A3.3	Are SC/ST and marginalised households able to access drinking water sources equally?	<i>Yes / No</i>	
A3.4	Top drinking water infrastructure need identified by community (Priority 1, 2, 3) → DMF Eligible: <i>Priority DMFT investment</i>	<i>Text – ranked</i>	
A3.5	Estimated project cost for bridging drinking water gap not covered by other schemes (Rs. Lakh) → DMF Eligible: <i>DMFT gap-filling</i>	<i>Rs. Lakh</i>	

A. Drinking Water – Infrastructure Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Piped water household connections					<i>Yes — Laying piped water supply</i>
Handpumps					<i>Yes — Standalone facilities</i>

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Borewells (non-handpump)					Yes — Standalone facilities
Overhead Tanks (OHTs)					Yes — Standalone facilities
Water Treatment Plants (WTPs)					Yes — Water treatment plants
Iron Removal Plants (IRPs)					Yes — Water treatment plants
Defluoridation plants					Yes — Water treatment plants
Community RO / Purifier units					Yes — Centralized purification
Distribution pipeline (km)					Yes — Permanent/temporary network
Water supply to schools/AWCs/PHCs					Yes — Standalone / network

SECTION B [HIGH PRIORITY]**ENVIRONMENT PRESERVATION & POLLUTION CONTROL**

Rule Reference: Rule 22(2)(b) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Effluent treatment plants (ETPs), prevention of pollution in streams/lakes/ponds/groundwater, air & dust pollution control from mining, mine drainage systems, mine pollution prevention technologies, air quality monitoring, pollution control for working/abandoned mines, sustainable mine development measures.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
B1. Pollution Status Assessment			
B1.1	Are any streams, rivers, nallahs, lakes or ponds in the village visibly affected by mining discharges / runoff? → DMF Eligible: Prevention of pollution of streams/lakes/ponds	Yes/No; Water body name	
B1.2	Has groundwater quality (bore/well water) deteriorated due to mining activity? (colour, odour, turbidity, chemical) → DMF Eligible: Prevention of groundwater pollution	Yes/No; Description	
B1.3	Is air/dust pollution from mining operations, haul roads, or mine dumps a significant problem in the village? → DMF Eligible: Air & dust pollution control measures	Yes/No; Severity (Low/Med/High)	
B1.4	Mining-related diseases reported in the community (silicosis, pneumoconiosis, skin, respiratory, eye)?	Disease types; Cases (approx.)	
B1.5	Are there abandoned / closed mines near the village causing environmental hazards? → DMF Eligible: Measures for abandoned mines	Yes/No; No. of mines	
B2. Existing Pollution Control Infrastructure			
B2.1	Is there an Effluent Treatment Plant (ETP) for mining wastewater in or near the village? Functional status. → DMF Eligible: Effluent treatment plants	Yes/No; Functional?	
B2.2	Is there a mine drainage system to prevent mine water from contaminating natural water bodies? → DMF Eligible: Mine drainage systems	Yes/No; Adequate?	
B2.3	Are there any air quality monitoring stations / dust suppression systems installed near the mine? → DMF Eligible: Air quality monitoring & control	Yes/No; No. of stations	
B2.4	Has any environmental impact study / baseline study been conducted for the mining area?	Yes/No; Year; Agency	
B3. Gaps & Priority Actions			
B3.1	What pollution control infrastructure is absent/inadequate and needs DMFT investment? → DMF Eligible: ETP / drainage / air quality systems	Text / list	
B3.2	Has any reputed institution been engaged for identification of mineral-specific hazards? → DMF Eligible: Hazard identification — research institutions	Yes/No; Institution name	
B3.3	Estimated cost for priority pollution control measure (Rs. Lakh) → DMF Eligible: DMFT gap-filling	Rs. Lakh	

B. Environment & Pollution Control – Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Effluent Treatment Plants (ETPs)					Yes — ETP / wastewater treatment
Mine drainage / interception systems					Yes — Mine drainage systems
Dust suppression systems (haul roads/mine)					Yes — Air/dust pollution control
Air quality monitoring stations					Yes — Air quality monitoring
Abandoned mine reclamation/capping					Yes — Abandoned mine measures
Greenbelt / plantation around mine					Yes — Environmental quality measures
Stream/nallah pollution prevention works					Yes — Stream pollution prevention

SECTION C [HIGH PRIORITY]

HEALTH CARE

Rule Reference: Rule 22(2)(c) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Primary/secondary health facilities in mining-affected areas, staffing (doctors/paramedical/support staff), equipment & supplies, mobile health care units, group health insurance for mining-affected persons. Focus on mining-related illnesses. Converge with existing health infra of local bodies, State & Central govt.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
C1. Existing Health Infrastructure			
C1.1	Health facilities available in or nearest to the village (Sub-Health Centre / PHC / CHC / District Hospital) – distance (km)	Type; Distance (km)	
C1.2	Is the nearest health facility functional with adequate staff (doctor, ANM, paramedical)? → DMF Eligible: Staffing — doctors/paramedical	Yes/No/Partial; Staff details	
C1.3	Is medical equipment (diagnostics, OT, beds) adequate at nearest facility? → DMF Eligible: Equipment & supplies	Yes/No; Gaps listed	
C1.4	Is there a mobile health unit or periodic medical camp in the village? → DMF Eligible: Mobile health care units	Yes/No; Frequency	
C2. Health Burden & Mining Impact			
C2.1	Prevalence of mining-related diseases: silicosis, pneumoconiosis, TB, respiratory, skin, eye disorders (no. of cases approx.) → DMF Eligible: Mining-disease focused health infra	Disease; Cases	
C2.2	Maternal mortality / infant mortality / malnutrition status in the village (if data available)	Rates / Status	
C2.3	Are mining-affected persons covered under any group health insurance scheme? → DMF Eligible: Group Insurance Scheme	Yes/No; Scheme name	
C2.4	Average travel time/cost to access health services from the village (for emergency)	Time (hrs); Cost (Rs.)	
C3. Gaps & Needs			
C3.1	What health infrastructure is critically missing (building / equipment / ambulance / specialist)? → DMF Eligible: Primary/secondary health facility	Text	
C3.2	Is a new Sub-Health Centre / PHC building required in the village? → DMF Eligible: Health facility construction	Yes/No	
C3.3	Estimated cost for priority health infrastructure / equipment gap (Rs. Lakh) → DMF Eligible: DMFT investment	Rs. Lakh	

C. Health Care – Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Sub-Health Centre / PHC building					Yes — Primary/secondary health facility
Medical equipment (diagnostics, OT)					Yes — Equipment & supplies
Doctor / specialist posts (vacant)					Yes — Staffing
Paramedical / ANM staff posts (vacant)					Yes — Staffing
Mobile health unit / medical van					Yes — Mobile health care units
Ambulance service					Yes — Health care support
Group health insurance scheme					Yes — Group insurance for mining-affected

SECTION D [HIGH PRIORITY]

EDUCATION

Rule Reference: Rule 22(2)(d) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: School/college/vocational training buildings, additional classrooms, labs, libraries, art & craft rooms, toilet blocks, drinking water, residential schools/hostels, sports infra, teacher/staff engagement, e-learning setup, transport (bus/van/cycle/rickshaw), nutrition programs, financial support for higher education for students of affected areas.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
D1. School Infrastructure			
D1.1	No. of primary / upper primary / high / higher secondary schools in the village – Govt. / Aided / Private	No. by type; Govt/Pvt	
D1.2	No. of classrooms required vs. available (shortage / excess) → DMF Eligible: Additional classrooms	Required; Available; Gap	
D1.3	Are science labs, computer labs, libraries, art & craft rooms available and functional in schools? → DMF Eligible: Labs, libraries, art/craft rooms	Yes/No per facility	
D1.4	Are functional toilets (separate for girls) available in all schools? → DMF Eligible: Toilet blocks in schools	Yes/No; No. of toilets needed	
D1.5	Is drinking water available in all schools? Source and quality? → DMF Eligible: Drinking water provision in schools	Yes/No; Source; Quality	
D1.6	Is there a residential school / hostel for students from the affected area? → DMF Eligible: Residential schools / hostels	Yes/No; Capacity; Need	
D1.7	Sports infrastructure available in schools (playground, equipment)? → DMF Eligible: Sports infrastructure	Yes/No; Condition	
D2. Teachers & Support			
D2.1	No. of teacher posts sanctioned vs. filled (subject-wise vacancy) in govt. schools → DMF Eligible: Engagement of teachers / support staff	Sanctioned; Filled; Vacant	
D2.2	Is e-learning / digital classroom setup available in schools? → DMF Eligible: E-learning setup	Yes/No; No. of schools covered	
D2.3	Is student transport facility (bus/van/cycle/rickshaw) available for remote habitations? → DMF Eligible: Transport arrangement	Yes/No; Mode; Coverage	
D3. Higher Education & Vocational Training			
D3.1	Is there a college / ITI / vocational training institute within 20 km? → DMF Eligible: Vocational training institute	Yes/No; Distance	
D3.2	No. of students from mining-affected area enrolled in government-aided higher education institutions → DMF Eligible: Financial support for higher education	Number	
D3.3	Do eligible students receive scholarships / financial assistance under any DMFT or State scheme? → DMF Eligible: Financial support — higher education	Yes/No; Amount (Rs.)	

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
D4. Nutrition			
D4.1	Is Mid-Day Meal (MDM) / PM POSHAN scheme functional in all schools? → DMF Eligible: Nutrition-related programs	Yes/No; Coverage	
D4.2	Prevalence of child malnutrition / stunting / wasting in the village (ICDS data)?	Status / %	

D. Education – Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Additional classrooms (no. required)					Yes — Additional classrooms
Science / computer labs					Yes — Labs
Libraries					Yes — Libraries
Toilet blocks (girls / boys)					Yes — Toilet blocks
Drinking water in schools					Yes — Drinking water provision
Residential school / hostel					Yes — Residential schools/hostels
E-learning / digital classroom					Yes — E-learning setup
Student transport (bus/van/cycle)					Yes — Transport arrangement
Sports infrastructure					Yes — Sports infra
Higher education financial support					Yes — Financial support

SECTION E [HIGH PRIORITY]**WELFARE OF WOMEN & CHILDREN**

Rule Reference: Rule 22(2)(e) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Special programmes for maternal & child health, malnutrition, infectious diseases, and other welfare needs of women and children in mining-affected areas.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
E1. Maternal & Child Health			
E1.1	Is an Anganwadi Centre (AWC) operational in the village? No. of AWCs vs. required. → DMF Eligible: Women & child welfare programmes	Yes/No; No.; Required	
E1.2	Is AWC equipped with functional weighing scale, nutrition supplements, IEC materials? → DMF Eligible: Women & child welfare programmes	Yes/No; Gaps	
E1.3	Maternal mortality / anaemia prevalence / low birth weight rate in the village (approx.)? → DMF Eligible: Maternal health programmes	Rate / Status	
E1.4	No. of severely acute malnourished (SAM) / moderately acute malnourished (MAM) children? → DMF Eligible: Malnutrition programmes	SAM no.; MAM no.	
E1.5	Full immunisation coverage rate for children (0–5 years)?	% covered	
E2. Women's Welfare			
E2.1	Are Self Help Groups (SHGs) for women active in the village? No. of active SHGs. → DMF Eligible: Women welfare programmes	Yes/No; No. of SHGs	
E2.2	Are women mining-affected workers or family members covered under any special health/welfare scheme? → DMF Eligible: Special programmes — mining-affected women	Yes/No; Scheme	
E2.3	Reported cases of gender-based issues, trafficking, or child labour associated with mining in the area?	Yes/No; Cases (approx.)	
E3. Infectious Disease Burden			
E3.1	Prevalence of malaria / dengue / TB / sickle cell / other vector-borne diseases? → DMF Eligible: Infectious disease programmes	Disease; Cases/year	
E3.2	Is IEC / awareness material on women & child health available in local language?	Yes/No; Language	
E3.3	Priority welfare programme needed for women & children as identified by community (Top 3) → DMF Eligible: Women & child welfare programme	Text — ranked	

SECTION F [HIGH PRIORITY]**WELFARE OF AGED & DIFFERENTLY ABLED***Rule Reference: Rule 22(2)(f) — High Priority | Chhattisgarh DMFT Rules 2015**Note: Eligible: Special programs and medical support for aged and differently abled persons, financial assistance to District Disability Rehabilitation Centres (DDRCs).*

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
F1. Elderly Population			
F1.1	No. of elderly persons (60+ years) in the village, especially those dependent/destitute → DMF Eligible: <i>Special welfare programmes</i>	<i>Number</i>	
F1.2	Are elderly persons covered under old age pension / Indira Gandhi National Old Age Pension Scheme?	<i>Yes/No; Coverage %</i>	
F1.3	Is geriatric care / medical support accessible for the elderly in the village? → DMF Eligible: <i>Medical support — aged</i>	<i>Yes/No; Distance to facility</i>	
F2. Differently Abled Persons			
F2.1	No. of differently abled persons (by disability type: locomotor / visual / hearing / intellectual / multiple) → DMF Eligible: <i>Special programmes — differently abled</i>	<i>No. by type</i>	
F2.2	Are differently abled persons covered under UDID card / disability pension / any State scheme?	<i>Yes/No; Coverage %</i>	
F2.3	Access to District Disability Rehabilitation Centre (DDRC) – distance and frequency of services → DMF Eligible: <i>Financial assistance to DDRCs</i>	<i>Distance (km); Frequency</i>	
F2.4	Mining-caused disabilities recorded (accident / dust exposure / chemical exposure)? → DMF Eligible: <i>Special medical support</i>	<i>Yes/No; Type; No. of cases</i>	
F2.5	Is assistive device support (wheelchairs, hearing aids, crutches, etc.) needed? → DMF Eligible: <i>Medical support — differently abled</i>	<i>Yes/No; Type; Quantity</i>	
F2.6	Priority welfare program needed for aged/differently abled — top need identified by community → DMF Eligible: <i>Special welfare programme</i>	<i>Text</i>	

SECTION G [HIGH PRIORITY]**SKILL DEVELOPMENT & LIVELIHOOD GENERATION**

Rule Reference: Rule 22(2)(g) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Skill development for livelihood support & income generation; training, training kits, skill development centres, incubation centres, self-employment schemes; support to SHGs; forward & backward linkages for self-employment; arts & crafts improvement; minor forest produce collection & processing.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
G1. Existing Livelihood & Skill Infrastructure			
G1.1	Is there a skill development centre / ITI / Pradhan Mantri Kaushal Kendra (PMKK) within 20 km? Distance. → DMF Eligible: Skill development centre	Yes/No; Distance (km)	
G1.2	No. of youth (18–35 years) currently unemployed / seeking skill training in the village → DMF Eligible: Skill development for livelihood	Number	
G1.3	No. of active SHGs – total members, and sectors of activity (agriculture / handicraft / forest produce / other) → DMF Eligible: SHG support	No. of SHGs; Members; Sector	
G1.4	Are any FPOs (Farmer Producer Organisations) / cooperatives active in the village? → DMF Eligible: FPO / cooperative support	Yes/No; No.	
G2. Livelihood Gaps			
G2.1	Primary occupation of households: (farming / mining labour / forest produce / daily wage / other)?	% by occupation type	
G2.2	Do mining-affected families face livelihood displacement? No. of families affected. → DMF Eligible: Self-employment schemes	Yes/No; No. of families	
G2.3	Are community / tribal arts and crafts practiced? Type and market access status. → DMF Eligible: Arts & crafts improvement and showcase	Yes/No; Type; Market access	
G2.4	Minor forest produce (MFP) collected in the village (types, volume, processing access)? → DMF Eligible: MFP collection & processing	MFP types; Volume; Processing	
G2.5	Is there an incubation centre / startup support for self-employment in the block? → DMF Eligible: Incubation centre	Yes/No; Distance	
G3. Training & Forward Linkages			
G3.1	Top skill training needs identified by youth / women in the village (Top 3 trades) → DMF Eligible: Training — skill development	Trades — ranked	
G3.2	Are backward / forward market linkages available for SHG products / MFP? → DMF Eligible: Forward & backward linkages	Yes/No; Type of linkage	
G3.3	Estimated investment needed for priority livelihood programme (Rs. Lakh) → DMF Eligible: DMFT livelihood investment	Rs. Lakh	

SECTION H [HIGH PRIORITY]

SANITATION

Rule Reference: Rule 22(2)(h) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Collection, transportation and disposal of waste, cleaning of public places, provision of proper drainage and sewage treatment plants (STPs), disposal of fecal sludge, provision of toilets, and other related activities.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
H1. Solid Waste Management			
H1.1	Is there a door-to-door solid waste collection system in the village? Frequency. → DMF Eligible: Waste collection & transportation	Yes/No; Frequency	
H1.2	Is there a designated waste disposal / landfill site for the village? → DMF Eligible: Waste disposal	Yes/No; Distance (km)	
H1.3	Is mining waste (overburden / tailings / chemical waste) mixed with household waste? → DMF Eligible: Waste disposal — mining context	Yes/No; Type	
H1.4	Is there public place cleaning (market / gram sabha / school / health centre) done regularly? → DMF Eligible: Cleaning of public places	Yes/No; Frequency	
H2. Drainage & Liquid Waste			
H2.1	Is there a drainage network (open / closed drains) in the village? Coverage (%) → DMF Eligible: Proper drainage provision	Yes/No; Coverage %	
H2.2	Does stagnant wastewater / drainage remain in the village for extended periods? → DMF Eligible: Drainage provision	Yes/No; Duration (days)	
H2.3	Is there a Sewage Treatment Plant (STP) / Wastewater Treatment facility? → DMF Eligible: Sewage Treatment Plant	Yes/No; Capacity	
H2.4	Is fecal sludge management (septage management) system in place? → DMF Eligible: Fecal sludge disposal	Yes/No	
H3. Toilets / ODF Status			
H3.1	ODF (Open Defecation Free) status of the village?	ODF / ODF+ / ODF++ / Not ODF	
H3.2	No. of households with individual household latrines (IHHLs) – functional / non-functional → DMF Eligible: Provision of toilets	Functional; Non-functional	
H3.3	No. of community / public toilet complexes – location, functional status → DMF Eligible: Provision of toilets	No.; Locations; Status	
H3.4	No. of household toilets still needed (gap) to achieve ODF → DMF Eligible: Provision of toilets	Number	
H3.5	Estimated project cost for sanitation gap filling (Rs. Lakh) → DMF Eligible: DMFT sanitation investment	Rs. Lakh	

H. Sanitation – Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Solid waste collection system (villages)					Yes — Waste collection & transportation
Waste disposal / transfer station					Yes — Waste disposal
Village drainage network (km)					Yes — Proper drainage
Sewage Treatment Plant (STP)					Yes — STP
Community toilet complexes					Yes — Provision of toilets
Household toilets (IHHL)					Yes — Provision of toilets
Fecal sludge management					Yes — Fecal sludge disposal

SECTION I [HIGH PRIORITY]

HOUSING

Rule Reference: Rule 22(2)(i) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Provision of pucca housing for mining-affected persons NOT covered under Central or State schemes (PM Awas Yojana / State housing schemes). DMFT funds to bridge the gap only for genuinely excluded households.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
I1. Housing Stock Assessment			
I1.1	Total no. of households — pucca / semi-pucca / kutcha breakdown	<i>Pucca / Semi-Pucca / Kutcha</i>	
I1.2	No. of households living in kutcha / dilapidated housing requiring pucca housing → DMF Eligible: Pucca housing — mining-affected	<i>Number</i>	
I1.3	Are any households homeless / living on mine land / displaced due to mining? → DMF Eligible: Housing — mining-displaced persons	<i>Yes/No; No. of HH</i>	
I2. Scheme Coverage & Exclusion			
I2.1	No. of households covered under PM Awas Yojana – Gramin (PMAYG)	<i>Number</i>	
I2.2	No. of households covered under State housing schemes (Rajiv Awas Yojana / others)	<i>Number</i>	
I2.3	No. of mining-affected households NOT covered by any Central / State housing scheme (exclusion gap) → DMF Eligible: Pucca housing — DMFT gap-filling	<i>Number</i>	
I2.4	Reasons for exclusion from Central / State housing schemes (no land patta / not in BPL list / other)	<i>Reasons listed</i>	
I2.5	Estimated cost per unit and total project cost for excluded households (Rs. Lakh) → DMF Eligible: DMFT housing investment	<i>Cost/unit (Rs.); Total (Rs. Lakh)</i>	

SECTION J [HIGH PRIORITY]**AGRICULTURE**

Rule Reference: Rule 22(2)(j) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Agriculture, horticulture, agroforestry activities; farmer training; support to FPOs/collectives/cooperatives; food processing units; cold storage; marketing facilities (market yards); plantation; processing of medicinal herbs.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
J1. Agricultural Profile			
J1.1	Total agricultural land (ha) in the village – irrigated / rainfed / fallow	Ha; Irrigated/Rainfed/Fallow	
J1.2	Primary crops grown (kharif / rabi / horticulture)	Crop types by season	
J1.3	Has agricultural land been degraded / lost due to mining operations? → DMF Eligible: Agroforestry / land restoration	Yes/No; Area (ha)	
J2. Agriculture Support Infrastructure			
J2.1	Is there a primary agricultural cooperative / PACS / FPO in the village or nearby? → DMF Eligible: FPO / cooperative support	Yes/No; Name; Distance	
J2.2	Is there any food processing unit (dal mill / oil mill / rice mill / others) accessible? → DMF Eligible: Food processing units	Yes/No; Type; Distance	
J2.3	Is there cold storage facility accessible for horticulture / vegetables? → DMF Eligible: Cold storage facility	Yes/No; Distance (km); Capacity	
J2.4	Is there a market yard / haat / primary market for sale of farm produce? → DMF Eligible: Market yard / marketing facilities	Yes/No; Distance; Frequency	
J2.5	Are any farmers engaged in agroforestry / plantation / bamboo / medicinal herb cultivation? → DMF Eligible: Plantation / agroforestry / medicinal herbs	Yes/No; Area (ha); Type	
J3. Training & Extension			
J3.1	No. of farmers receiving Krishi Vigyan Kendra (KVK) / agriculture department extension services → DMF Eligible: Farmer training	Number; Frequency	
J3.2	Are farmers trained in soil health, organic farming, or post-harvest management? → DMF Eligible: Farmer training through DMFT	Yes/No; % of farmers	
J3.3	Top agricultural support need identified by farmers (Top 3) → DMF Eligible: Priority DMFT agriculture investment	Text — ranked	

SECTION K [HIGH PRIORITY]

ANIMAL HUSBANDRY

Rule Reference: Rule 22(2)(k) — High Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Promotion of livestock, poultry, piggery, fishery, feed & fodder development, innovation in animal husbandry, support to Farmer Producer Organisations (FPOs), Self Help Groups (SHGs), Farmer Cooperative Organisations (FCOs).

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
K1. Livestock & Animal Husbandry Profile			
K1.1	Total livestock in the village (cattle / buffalo / goat / sheep / pig / poultry) – approximate numbers	Nos. by type	
K1.2	No. of households dependent on animal husbandry as primary / secondary livelihood → DMF Eligible: Livestock promotion	No. of HH; %	
K1.3	Has livestock been adversely affected by mining pollution (feed contamination / water contamination / disease)?	Yes/No; Type of impact	
K2. Veterinary & Support Infrastructure			
K2.1	Is there a veterinary dispensary / sub-centre in or near the village? Distance. → DMF Eligible: Animal husbandry support infrastructure	Yes/No; Distance (km)	
K2.2	Availability of AI (artificial insemination) and vaccination services for livestock? → DMF Eligible: Livestock — innovation support	Yes/No; Frequency	
K2.3	Is there adequate feed / fodder availability throughout the year? → DMF Eligible: Feed & fodder development	Yes/No; Gap months	
K2.4	Is fishery / fish pond / aquaculture practiced in the village? → DMF Eligible: Fishery promotion	Yes/No; Area (ha); Species	
K3. Organised Groups & Markets			
K3.1	Is there an active dairy cooperative / livestock-related FPO / SHG / FCO in the village? → DMF Eligible: FPO / SHG / FCO support	Yes/No; Type; Name	
K3.2	Is there market access / milk collection point / poultry aggregation point nearby? → DMF Eligible: Livelihood — forward linkages	Yes/No; Distance	
K3.3	Top animal husbandry support need identified by community (Top 3) → DMF Eligible: DMFT animal husbandry investment	Text — ranked	

SECTION L [OTHER PRIORITY]

PHYSICAL INFRASTRUCTURE

Rule Reference: Rule 22(3)(a) — Other Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Providing required physical infrastructure — roads, bridges, railways and waterways projects. Up to 30% of Trust Fund. These should not duplicate works already covered under PMGSY, PWD, or other Central/State infrastructure schemes.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
L1. Road Connectivity			
L1.1	Is the village connected by an all-weather pucca road to the block / district headquarters? → DMF Eligible: Road infrastructure	Yes/No; Road type (CC/BT/Gravel/Katcha)	
L1.2	Length of road within the village / to nearest connectivity point that needs construction / repair (km) → DMF Eligible: Road — DMFT eligible	km; Type needed	
L1.3	Are any internal village roads / colony roads in dilapidated condition? → DMF Eligible: Internal road infrastructure	Yes/No; Length (km)	
L1.4	Is the road disrupted by mining activity (mine transport overloading, road damage by heavy vehicles)? → DMF Eligible: Road repair — mining-damaged	Yes/No; Severity	
L2. Bridges & Culverts			
L2.1	Are there any missing bridges / causeways / culverts that cut off the village / hamlets during rains? → DMF Eligible: Bridges / waterways infrastructure	Yes/No; No.; Location	
L2.2	Estimated no. of months the road is cut off due to missing bridge / flooded causeway → DMF Eligible: Bridge — DMFT eligible	Months/year	
L3. Other Physical Infrastructure			
L3.1	Is there a demand for waterway / jetty / ferry point infrastructure in the area? → DMF Eligible: Waterways projects	Yes/No	
L3.2	Estimated project cost for priority road / bridge / connectivity infrastructure (Rs. Lakh) → DMF Eligible: DMFT physical infra investment	Rs. Lakh	

L. Physical Infrastructure – Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
All-weather road (km needed)					Yes — Road projects — Rule 22(3)(a)
Internal village roads (km)					Yes — Road infrastructure
Bridges / causeways / culverts (nos.)					Yes — Bridge / waterways projects
Culverts on farm access tracks (nos.)					Yes — Physical infrastructure

SECTION M [OTHER PRIORITY]

IRRIGATION

Rule Reference: Rule 22(3)(b) — Other Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Developing alternate irrigation sources including check dams and diversion weirs, adoption of suitable and advanced irrigation techniques, assistance for micro irrigation facilities including drip irrigation, assistance for bore wells and pump energization.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
M1. Irrigation Infrastructure Status			
M1.1	Net sown area (ha) vs. irrigated area (ha) in the village — irrigation gap → DMF Eligible: Alternate irrigation sources	NSA (ha); Irrigated (ha); Gap (ha)	
M1.2	Primary irrigation source: (canal / borewell / well / tank / rain-fed)	Source type	
M1.3	No. of check dams / stop dams / diversion weirs in the village – functional status → DMF Eligible: Check dams / diversion weirs	No.; Functional; Defunct	
M1.4	No. of irrigation borewells and pump sets – energized (electricity/solar) / non-energized → DMF Eligible: Borewells & pump energization	No.; Energized; Non-energized	
M2. Advanced Irrigation			
M2.1	No. of farmers using micro / drip / sprinkler irrigation — % of irrigated area covered → DMF Eligible: Micro irrigation / drip irrigation	No. of farmers; % area	
M2.2	Is there any solar pump scheme under PM KUSUM or similar for agricultural pump sets? → DMF Eligible: Pump energization — solar	Yes/No; No. covered	
M2.3	Water source adequacy for current cropping pattern during summer / dry months? → DMF Eligible: Alternate irrigation sources	Adequate/Inadequate; Months of deficit	
M2.4	Top irrigation infrastructure gap identified by farmers (check dam / borewell / micro irrigation / canal)? → DMF Eligible: Priority DMFT irrigation investment	Text — priority need	

M. Irrigation – Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Check dams / stop dams (nos.)					Yes — Check dams — Rule 22(3)(b)
Diversion weirs (nos.)					Yes — Diversion weirs
Irrigation borewells (nos.)					Yes — Borewells for irrigation
Pump energization (solar/electric) (nos.)					Yes — Pump energization
Drip / micro irrigation (ha coverage)					Yes — Micro / drip irrigation
Farm ponds (nos.)					Yes — Alternate irrigation source

SECTION N [OTHER PRIORITY]**ENERGY & WATERSHED DEVELOPMENT**

Rule Reference: Rule 22(3)(c)+(d) — Other Priority | Chhattisgarh DMFT Rules 2015

Note: Eligible: Alternate energy sources (micro-hydel, decentralised solar, other renewable sources), rainwater harvesting system development, orchards, integrated farming, agroforestry, restoration of catchments. Also any other measures for enhancing environmental quality in the mining affected district.

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
N1. Energy Access			
N1.1	Electrification status of the village (fully electrified / partially / not electrified)?	Status; % HH with connections	
N1.2	No. of households without electricity connection – especially SC/ST / remote hamlets → DMF Eligible: Decentralised solar / alternate energy	Number; % of total HH	
N1.3	Is there a solar street lighting system in the village? No. of lights functional / defunct. → DMF Eligible: Decentralised solar energy	No.; Functional; Defunct	
N1.4	Is there a micro-hydel power plant or any community renewable energy system? → DMF Eligible: Micro-hydel / renewable energy source	Yes/No; Type; Capacity	
N1.5	Are solar home systems / solar pumps / solar panels provided to households? → DMF Eligible: Decentralised solar energy	Yes/No; No. covered	
N2. Rainwater Harvesting & Watershed			
N2.1	Is there a rainwater harvesting structure (rooftop RWH / percolation tank / recharge pit) in the village? → DMF Eligible: Rainwater harvesting system	Yes/No; No.; Type	
N2.2	Area under watershed development / catchment treatment in the village (ha) → DMF Eligible: Watershed development / catchment restoration	Ha; Scheme name	
N2.3	Are any streams / nalas / springs being recharged through watershed works? → DMF Eligible: Catchment restoration	Yes/No; No. of structures	
N2.4	Is there a water body (pond / lake / tank) that needs deepening / desilting / restoration? → DMF Eligible: Environmental quality — watershed restoration	Yes/No; No.; Capacity	
N3. Orchard, Agroforestry & Environmental Measures			
N3.1	Area suitable for orchard development / horticulture plantation on degraded mining land (ha) → DMF Eligible: Orchards / integrated farming	Ha; Suitability	
N3.2	Area under agroforestry / bamboo / medicinal plants / community forest (ha) → DMF Eligible: Agroforestry / plantation	Ha; Type	
N3.3	Any specific environmental quality improvement measure needed for mining-affected district (apart from other sectors)? → DMF Eligible: Any other environmental quality measures — Rule 22(3)(d)	Text	

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
N3.4	Estimated project cost for priority energy / watershed / environmental measure (Rs. Lakh) → DMF Eligible: DMFT energy & watershed investment	Rs. Lakh	

N. Energy & Watershed – Gap Matrix

Infrastructure / Activity	Existing (Nos./Units)	Functional (Nos.)	Gap / Shortfall	Est. Cost (Rs. Lakh)	DMFT Rule 22 Eligibility
Households without electricity (nos.)					Yes — Decentralised solar energy
Solar street lights needed (nos.)					Yes — Decentralised solar
Rooftop rainwater harvesting structures					Yes — Rainwater harvesting
Percolation tanks / recharge pits					Yes — Rainwater harvesting
Watershed / catchment treatment area (ha)					Yes — Catchment restoration
Orchard / agroforestry area (ha)					Yes — Orchards / integrated farming
Degraded land for restoration (ha)					Yes — Environmental quality measures

SECTION O

CROSS-SECTOR BASELINE SUMMARY & DMFT INVESTMENT ESTIMATE

Surveyor to consolidate findings from all 14 sectors into this summary matrix

Sec.	Sector	Rule Ref.	Key Gap Identified	Priority (H/M/L)	Existing Scheme Coverage	Residual Gap for DMFT (Rs. Lakh)	Recommended Intervention
A	Drinking Water	22(2)(a)					
B	Environment & Pollution	22(2)(b)					
C	Health Care	22(2)(c)					
D	Education	22(2)(d)					
E	Women & Children	22(2)(e)					
F	Aged & Diff. Abled	22(2)(f)					
G	Skill Dev. & Livelihood	22(2)(g)					
H	Sanitation	22(2)(h)					
I	Housing	22(2)(i)					
J	Agriculture	22(2)(j)					
K	Animal Husbandry	22(2)(k)					
L	Physical Infrastructure	22(3)(a)					
M	Irrigation	22(3)(b)					
N	Energy & Watershed	22(3)(c/d)					
	TOTAL DMFT INVESTMENT ESTIMATE (Rs. Lakh)						

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
01	Overall development status of the village (Developed / Partially Developed / Underdeveloped / Critical — mining impact)	<i>Status</i>	
02	Does the Gram Sabha have any resolution on development priorities submitted to DMFT?	<i>Yes/No; Date</i>	
03	Total estimated DMFT investment needed across all sectors for this village (Rs. Lakh) → DMF Eligible: Total DMFT gap-fill	<i>Rs. Lakh</i>	
04	Top 3 priority sectors recommended for immediate DMFT funding (Sector code + reason)	<i>Text — 3 sectors</i>	
05	Are there any ongoing/pipeline DMFT projects in the village? Status and sector.	<i>Yes/No; Status</i>	
06	Convergence opportunities — Central/State schemes that can be co-invested with DMFT for each sector	<i>Scheme list by sector</i>	

Q.No.	Question & DMFT Eligible Activity	Response Type	Response / Remarks
07	List photographs / documents / maps attached with this survey form	List	
08	Any additional observations / special issues noticed by surveyor during field visit	Text
